PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

March 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.

PA-264 REPORT SERIES: PUBLIC ASSISTANCE IN KENTUCKY

April 1981

Data contained in the attached report relates to the money payment programs of "Aid to Families with Dependent Children" (including Foster Care); "State Supplementation" to aged, blind, and disabled; and "Medicaid" which covers medical care to needy persons via vendor payments to providers of such services. Persons eligible for "Medicaid" include those receiving Supplemental Security Income (SSI).

The 1972 Social Security Amendments mandated the Social Security Administration to assume the Title XVI, Aid to Aged, Blind, or Disabled, Federal/State money assistance Program. This program as implemented by SSA in January 1974 is known as Supplemental Security Income (SSI) and is supported by all Federal monies. The law also mandated States to supplement, from all State monies, any difference between a SSI payment and the prior AABD payment for persons who were receiving Title XVI on December 31, 1973; hence, "Mandatory State Supplementation." Kentucky also elected to provide this same type of State Supplementation to those persons becoming eligible for SSI after January 1974. Since this was not required by law, this all State payment is known as "Optional State Supplementation." In Kentucky, State Supplementation is directed primarily to aged, blind, or disabled persons residing in Personal Care Homes, Family Care Homes, or persons needing a "Caretaker" in their own home to prevent institutionalization. Since SSI is an all federal program, this report does not show data pertaining to the SSI money payment. Data relating to SSI persons eligible for and/or receiving Title XIX medical services are included in their respective categorical classification. Data for State Supplementation are shown as indexed.

References to "Guardianship Cases" relate to those in which the recipient has been legally adjudged to be mentally incompetent and the State Agency has been designated as "Committee" in their behalf. Data contained herein relates to those recipients receiving assistance through a program administered by the agency. Most of these recipients are residents of Mental Hospitals (Central, Eastern, or Western) or Intermediate Care Facilities (Hazelwood, Oakwood, or Excepticon/Outwood) and consequently are physically located in Christian, Fayette, Hopkins, Jefferson, and Pulaski Counties. A few are in Personal Care or Family Care Homes throughout the State. Beginning July 1980, responsibility for such "Committee" cases was transferred from the respective counties to the Department's Central Office in Franklin County even though the recipient was not physically relocated; consequently, the data for these cases are included with Franklin County's data in this report except on Table XI, State Supplementation. The total number of "Guardianship Cases" eligible for Medicaid is contained in a footnote on Table I. The amount of medical payments for such cases is contained in county of committee's location which is primarily Franklin County but such amounts cannot be identified.

Data are presented by county and for medical care by type of service. Data pertaining to recipients of money payments (AFDC and State Supplementation) and recipients "eligible" for medical care are based on actual eligibility for the indicated period. Data pertaining to recipients of medical care are based upon date of payment of the medical bill rather than date of medical service. The sum of the recipient counts for the different types of medical care services does not equal the total since a person may be included in more than one type of service. Recipient ratios represent the utilization rate per 100 eligible persons. This report does not reflect all fiscal adjustments.
